

BRANDON PATTERSON

FRONT END WEB DEVELOPER

CURRENT PROJECTS

BRANDNPATTERSON.NET/LAUREN

I WROTE THIS ONE PAGE WEBSITE IN A NODE, GULP, AND TERMINAL/GIT WORK ENVIRONMENT. I USED GULP TO COMPILE ES6 INTO ES5 WITH BABEL, SASS INTO CSS, MINIMIZE IMAGES, AND SECURE OPTIMAL BROWSER SUPPORT WITH AUTOPREFIXER.

IN DEVELOPMENT I USED BROWSERSYNC TO AUTO REFRESH THE BROWSER AND ESLINT TO STANDARDIZE ALL OF MY ES6 JAVASCRIPT CODE.

THE UI IS MONITORED BY MEDIA QUERIES FOR ABSOLUTE RESPONSIVENESS ON ANY DEVICE.

BRANDNPATTERSON.NET/TAD

I USED THE POWERFUL CSS FRAMEWORK BOOTSTRAP TO BUILD THE STRUCTURE OF THIS WEBSITE. ALTHOUGH THE RESPONSIVE NAVIGATION CAN BE TRICKY, I WAS ABLE TO TROUBLESHOOT THE FUNCTIONALITY.

WITH THE HELP OF JQUERY, I CREATED A SLIDE MOTION AND ALLOWED THE DOM TO MAKE CLICKS WHEN OTHER ELEMENTS WERE SELECTED BY THE USER, WHICH MAKE THIS UI SEAMLESS.

SKILLS

JAVASCRIPT ES6/ES2015 | NODE.JS
TERMINAL | GIT/GITHUB | GULP
SASS/LESS | CSS3 | HTML | JQUERY
BOOTSTRAP | RESPONSIVE DESIGN

EDUCATION

ORAL ROBERTS UNIVERSITY - B.A. MUSIC
TREEHOUSE - BRANDNPATTERSON
